Takeuchi's New 4 tonne - powerful excavating

The TB240 combines all the proven characteristics of Takeuchi excavators - smooth hydraulics, powerful machine performance and good serviceability into a larger sized machine.

4 TONNE POWER PERFORMANCE

The TB240 is a powerful yet compact overall machine in the 4 tonne excavator class.

The TB240 offers maximum performance with excellent bucket breakout force of 30.8kN and 18.3kN arm digging force, powered by a 27.2kW Yanmar 4 cylinder engine.

RELIABILITY

The TB240 has well protected hydraulic hoses across the entire machine.

Boom and arm holding valves as standard to maintain load control if hoses fail.

Triple flange rollers for superior track retention even in the toughest terrain.

NEW STYLED CAB

The newly designed 4 tonne has the new stylish cab as seen on larger Takeuchi machines.

Large and comfortable with excellent all-round visibility. Excellent operator accessibility with well positioned colour VDU illuminates active operating switch functions.

Standard features include top window with sun shade, air con/climate control,MP3 socket, adjustable high back seat and arm rests.

PERFORMANCE

- Excellent dig depth to 3465mm and ground reach 5425mm.
- Proven strong track frame design offers excellent balance and stability with a longer than average track frame (1645mm).
- Two speed tracking with auto step down when dozing.
- Auxiliary hoses are easy to attach and well positioned high up the dipper arm for added protection.

OPERATION

- Compact size with slew radius of just 1365mm, added offset position RH 55° and LH 75°.
- Cushioned main boom and swing cylinders for smooth operation.
- Boom and cab mounted work light for all types of working conditions.
- Well positioned enhanced Colour VDU - warning indicators, rpm, hour meter, fuel, battery charge, temperature, oil pressures and maintenance alerts.
- Heavy duty dozer with added protection of the ram.

SAFETY & SERVICE

- Enhanced 100% steel wraparound frame protects all the key components. Flat glass panels make replacement an affordable option.
- Easy access to all service points around the machine.
- Standard service features include: safe drain engine oil system, fuel gauge at filler and in cab, fuel drain system, hydraulic oil cooler and maintenance free battery.
